

# Bressingham Hall & High Barn

*Events & Wedding Venue*

## Exclusively yours

We never take multiple wedding bookings for the same day, so you have the freedom to enjoy Bressingham Hall & High Barn and make it your home.

For most dates, you are able to come in the day before to set up your decorations, and your guests are able to pick their cars up the following morning; allowing them to enjoy the day as much as you!

## Accommodation

Bressingham Hall is a stunning Grade II listed mansion house set amongst 17 acres of gardens. Recently renovated, the house retains its period features whilst also creating a warm and welcoming environment for the bridal party and guests, accommodating up to 21 in the eight spacious bedrooms.

Several lettings are also available in the surrounding villages, as well as a hotel in nearby Diss (which also has a train station).

## Steam and Gardens

As well as use of the gardens, courtyard and Walled Garden (with Hall stays), the opportunity to take advantage of our neighbouring Steam Museum is also possible!

With its Vintage 'Gallopers' Carousel, these make perfect add-ons to your day, allowing your guests to (pun-intended) 'let off some steam'! Of course, these elements also make brilliant and unique photo opportunities.

# A blend of contemporary chic, and authentic character;

the elegant and stylish High Barn gives your ceremony and wedding reception an exclusive and picturesque setting. A truly romantic Norfolk gem, The High Barn is a traditional brick and stone building, with high ceilings and exposed beams.

## Weddings in the High Barn

are licensed with the Norwich Registration Office for civil weddings, partnerships, and naming ceremonies. The wedding service is carried out by the Registrar, who must be contacted and booked by you.

A perfect indoor space for weddings, the barn is illuminated with soft lighting which accentuates its beautiful original features.

## As the evening approaches,

the lights are dimmed and the barn's atmosphere creates the perfect backdrop for celebrating your big day, surrounded by your closest friends and family.

Alongside the beautifully restored High Barn, the landscaped gardens and patio provide the perfect outdoor space to relax and create lasting memories.
